

Ski Deep, Steep and Cheap

with the 3rd Annual

WARM SNOW Retreat

Warm Snow Retreat 99 represents new levels of skiing excellence, evening ambience, and accommodation opulence!

Whistler/Blackcomb, CANADA
Feb 23-Feb 27, 1999

We work far too hard and play far too little! This is a chance for friends and associates of Warm Floors to get together and just have a good time. And we will have fun! How can we do this so reasonably? This is a "non-profit" and business subsidized event, designed to build professional relationships in an enjoyable experience at a beautiful exciting location! Ya gotta love the people who are fun to be with!

We are going to Whistler/Blackcomb, the *number one* ski area in North America, voted first by skiers six years in a row. We stay in *luxury* accommodations, ten minutes from the slopes, with fireplace and hot tub, and have shared vehicles for the ultimate in convenience. Yet thanks to the best currency exchange rate in 140 years (1/1.5), and a month searching for the best possible group prices and accommodations, the costs are extraordinarily low.

Our core location is a huge log cabin luxury home with a large living/family room with fireplace and, of course, a hot tub to soak those tired, happy muscles at the end of spectacular ski days. Here we meet for breakfasts, fine dining, meetings and evening recreation.

WARNING!

Numbers are limited to 25! Early commitments get the best prices and accommodations. Don't wait. See Page 3 and 4 for sign-up details.

Group airline travel is by Alaska Airlines, the best-of-show-airline, with non-stop flights direct from San Francisco to Vancouver, where rented vans whisk us directly home, only about two hours away. Our group reservations are the lowest possible prices, only available months in advance.

Most important of all, are the people who will join us. Warm Floors™ has been in business for 22 years, and in that time, we have met thousands of people, many of which qualify as some of the most unique and interesting people you will ever spend time with. This is an *invitation-only* event, directed to the best of the best. We guarantee you one of the best "people" experiences you have ever enjoyed, in an environment exquisite and exciting.
